So why choose Keylight Photography?

Keylight was formed in 2000 and opened the doors in April 2001, by Jonathon Dow MPA DipPP - Master Photographer. Please take a look at the [About Me](#) page on the website, by following this QR Code for more information about what I do, how Keylight is managed and what you can expect as a customer.

About Keylight

With ALL Wedding Photography (stills) Services, You Get

- **Full-Day Coverage**, starting from the Bridal preparation location, at least two hours before the Ceremony.
- **A few hours of your Evening Reception are also covered** with all aspects of the party covered, guests as families and couples, entertainment, and The First Dance etc., plus photos of sparklers and fireworks, if these are part of your day.
- **A Photo Preview Gallery** is created within a few days of the Wedding, so you can have a sneak peek at what is to come. These are usually added to the [Keylight Facebook](#) page so you can link and share with your guests.
- **All locations are covered**, from home, to church, to Reception & anywhere else for photos on the day.
- **An UNLIMITED amount of photographs** are taken, all in RAW format for the very best reproduction. These are supplied to you in full-size & quality format as JPEGs or TIFFs, on a USB card, ready for you to print and share as you wish. Only the tester shots are deleted, so you essentially get everything.
- **You get the Copyright Ownership** and can print and share the images and files as you wish.

In Summary...

Proper coverage all day, plenty of time at the Reception and you get ALL the photos with the Copyright. Simple.

NEW for 2018 onward - Wedding Videography Services

Wedding Video Highlights Service (Add-on)

This is an add-on to any Photography (stills) package and offers you a wonderful memory of your special day. Whilst the photography is covered in full, highlights of each section of your day are captured on separate video camera equipment, at high quality 60 frames per second, using the latest camera and gimbal technology, ensuring silky-smooth cinematic video footage with plenty of detailed slow-motion. Gimbals allow the camera movement to be stabilized properly, whether the camera is handheld or on the move and keep the horizon level and make for the most enjoyable playback.

Sections of the day include - Bridal preparations, the venue & grounds, Groomsmen & guests pre-Ceremony, Bride arriving and entering the Ceremony, sections from the Ceremony itself, Drinks Reception & Confetti throwing, Bride & Groom Portraiture section of the day covered as motion video with walking and playing around, highlight footage of the Speeches, Evening Reception & First Dance. Drone footage captured wherever possible (weather & venue permitted).

The video is edited together without the audio from the day, and instead has selectable music added over the top (chosen by you if you wish). And the finished movie is around 15-20 minutes long. You receive three identical copies, on DVDs which are boxed and labelled.

Please use the QR code on the right to see an example of the Video Highlights service.

THIS ADDS ONLY £300 to any Photography package.

Highlight Video
Demo

Comprehensive Wedding Video Service (Add-on or Standalone)

This offers the same as the Highlights package with the addition of having the full Wedding Ceremony filmed from three camera angles, with three separate sources of audio too, which means you will see and hear the whole Ceremony.

You also get full filming of the Speeches from three camera angles with audio too, all to be included in the final movie.

Includes full filming of the First Dance / Second Dance from three camera angles.

Music is added in the editing stage to the sections without audio (chosen by you if you wish).

The final movie is usually around one hour long dependant on the length of the Ceremony and Speeches.

Please use the QR code on the right to see a show reel of various Weddings covered.

THIS ADDS ONLY £500 to any Photography package.

AVAILABLE AS A STANDALONE SERVICE TOO (without photography) for only £750.
